

## Nursery home learning

Good afternoon, Nursery,

Well done to you, who have completed the activities so far. I have enjoyed looking through the pictures I have seen; please keep adding them to Tapestry!

This week's new book is 'The Way Back Home' by Oliver Jeffers.

You can listen to the story being read here:

[CBeebies Bedtime Stories- The Way Back Home](#)

### Thursday's mini-project

- Can you make a spaceship or aeroplane? You could use materials such as cereal or parcel boxes that you have at home, alternatively from building blocks.
  - You could also draw a picture. What colours will you use?
- Think of what things you might need in space. Would things that have a plug be useful on the moon?

### Other activities-

- Colour hunt- Can you go on a colour hunt around your house and find objects that are green, like the Martian in our story?
- Other stories to read: [CBeebies Bedtime Stories](#)
- You could do some Cosmic Yoga- [Cosmic Kids Yoga- YouTube](#)
- Maths games- [Topmarks](#). Please click 'Maths' for subjects and then on 'Early Years' for the age group and choose activities suitable for age 3 up.
