

## Nursery home learning

Happy New Year, Nursery, I hope you are all keeping warm! As we are unable to return to school, here are some activities to keep you busy:

- Bring some ice or snow inside, use a bucket or tray. You can add paint or food colouring and paint the snow!

What colours have you used? Can you write your name in the snow? What happens if you pour warm water on it?

- Make some snowdough! Use two parts cornflour to one part hair conditioner.

Can you make snowflakes using the dough?

You can also complete some of activities set earlier this week:

- Draw a picture of something you did over the school holidays to share with the class when we return to school.
- Our sound in phonics this week is 'd'. Can you find any objects in your house that begin with the phoneme d?
- Can you build a den indoors? How dark is it? Do you need to use a torch?
- Read your favourite story- What was your favourite part? Can you find any words that rhyme?
- Draw a picture of an alien from space.
- Think about what you might need to wear before going out in the snow!
